Application Questions

Please respond to both of the following prompts. **Responses must be typed: handwritten copies will not be accepted. If submitting electronically, send as a Word Document or PDF.**

#1 - Personal Statement

Please provide a narrative statement which discusses what you hope to accomplish with your education and how it connects with your experiences as an individual from a farm working family.

Limit your response to (1) one single spaced page maximum. Remember, your Personal Statement should not be a listing of facts, nor should it repeat the content of your resume and should explain how a Sister Adele Scholarship would support your pursuit of higher education, and/or technical training.

#2 - Service Project Proposal

The Service Project Proposal is your chance to explain how you will give back by inspiring other students from farmworker families to pursue higher education and/or vocational training. To help expand the impact of the Sister Adele Scholarship program, all recipients are required to carry out a project during their award year.

This project can be done on your home campus or in your local community and must be completed within six months of your award disbursement. A minimum of (5) five hours of service will be required. All applicants must submit a (1-2) one to two page project proposal which will be closely reviewed during the selection process. Some key points to keep in mind are:

- Briefly outline your proposed project and explain how will this project impact your home university/community.
- What are your project goals?
- What is your target population and how will your project impact this group?
- What, if any, campus departments, student organizations, and/or community organizations will you collaborate with in promoting the Sister Adele Scholarship? Are you already involved with these groups?

Upon completion of your project you will be required to submit a (1) one page final report summarizing the impact of your Service Project.
